

Trail Conditions Report

Last Updated: 10/4/2023

Fire Danger is currently MODERATE for the Spotted Bear Ranger District.

Those traveling with stock should be prepared for blowdown and unexpected conditions. Carrying clearing tools is recommended. Road and trail conditions vary. Trails that have been cleared may continue to experience downfall after the reported clearing date.

Caution should be used near or on a river, stream, or lake, especially at water crossings. Even as trails are cleared, please be prepared to expect the unexpected. Small washouts, large avalanche debris areas or other blockages may be encountered.

Please report any blockages or if you have any questions contact the Spotted Bear Ranger District at **406-758-5376**. Visit www.fs.fed.us/r1/flathead for more information.
