

# Lincoln Ranger District Trail Condition Report

Last Updated 7/24/2023

---

## **Trail Conditions Report:**

Initial clearing has been completed on almost all of the trails on the Lincoln Ranger District. Trails that have been cleared may have experienced and may continue to experience downfall after the reported clearing date. A second round of clearing for the mainline trails will be completed prior to the early rifle hunt starting in Mid-September

Fire season is heating up, so visitors should check to make sure trails aren't closed before planning a trip.

If you have questions, please call the Lincoln Ranger District at **406-362-7000, M-F 8am-4:30pm.**

**Please see table below for detailed trail information.**
